Perth, WA 6000

Dear Fiona,

CHANGE IN BEADELL'S ASX REPORTING CLASSIFICATION

Beadell Resources Limited ("Beadell" or "the Company") has been advised by ASX that the Company's ASX classification has changed from a mining exploration company to a mining production company with immediate effect. The Company continues to lodge quarterly mining activity reports, however will no longer be required to lodge quarterly Appendix 5B cashflow reports.

As a result, Beadell will now lodge a preliminary final report (Appendix 4E) and half yearly report (Appendix 4D) within two months of the end of the relevant accounting period (i.e. by 27 February 2015 in the case of the former and by 29 August 2014 in the case of the latter).

Yours sincerely,

GREG BARRETT
Company Secretary
Beadell Resources Ltd
