# Notice of General Meeting

---

Notice is given that a General Meeting of Beadell Resources Limited will be held at Level 2, 16 Ord Street West Perth on Wednesday, 28 May 2008 commencing at 10am WST.

## 1. Approval of Issue of Shares

To consider and, if thought fit, pass the following resolution as an ordinary resolution, conditional on resolution 2 being approved:

Subject to the other joint venture participants (the "Continuing Participants") in the Cracow Mining Joint Venture and the Cracow Exploration Joint Venture ("Cracow") waiving or failing to exercise their pre-emptive rights over the sale of Newcrest's interests in Cracow within the prescribed period that, in accordance with ASX Listing Rule 7.1 and for all other purposes, Shareholders approve the issue of such number of Shares at such an issue price to be determined, to raise capital of up to \$220 million for the purposes and on the terms set out in the Explanatory Statement.

## 2. Approval of Change in Scale of Activities

To consider and, if thought fit, pass the following resolution as an ordinary resolution, conditional on resolution 1 being approved:

Subject to the Continuing Participants waiving or failing to exercise their pre-emptive rights over the sale of Newcrest's interests in Cracow within the prescribed period that, in accordance with ASX Listing Rule 11.1.2 and for all other purposes, Shareholders approve of the Company undertaking a change in the scale of its activities as a result of the acquisition of a 70% interest in Cracow on the terms set out in the Explanatory Statement.

## Voting Exclusions

For the purposes of:

- (a) **(resolution 1)**: Listing Rule 7.3, the Company will disregard any votes cast on resolution 1 by any person who may participate in the proposed issue and a person who might obtain a benefit, except a benefit solely in the capacity of a security holder, if the resolution is passed, and any of their associates; and
- (b) **(resolution 2)**: Listing Rule 14.11.1, the Company will disregard any votes cast on resolution 2 by any person who might obtain a benefit, except a benefit solely in the capacity as a security holder, if the resolution is passed, and any of their associates,

unless it is cast by a person as proxy for a person who is entitled to vote (in accordance with the directions on the proxy form) or the person chairing the meeting as proxy for a person who is entitled to vote (in accordance with a direction on the proxy form to vote as the proxy decides).

## Explanatory Statement

The Explanatory Statement accompanying this Notice of General Meeting is incorporated in and comprises part of this Notice of General Meeting.

Shareholders are specifically referred to the Glossary in the Explanatory Statement which contains definitions of capitalised terms used both in this Notice of General Meeting and Explanatory Statement.

## Proxies

Please note that:

- (a) a member of the Company entitled to attend and vote at the General Meeting is entitled to appoint a proxy;
- (b) a proxy need not be a member of the Company; and
- (c) a member of the Company entitled to cast two or more votes may appoint two proxies and may specify the proportion or number of votes each proxy is appointed to exercise, but where the proportion or number is not specified, each proxy may exercise half of the votes.

The enclosed proxy form provides further details on appointing proxies and lodging proxy forms.

## “Snap-shot” Time

The Company may specify a time, not more than 48 hours before the meeting, at which a “snap-shot” of shareholders will be taken for the purposes of determining shareholder entitlements to vote at the meeting.

The Company’s directors have determined that all shares of the Company that are quoted on ASX at 5.00pm WST on Monday, 26 May 2008 shall, for the purposes of determining voting entitlements at the General Meeting, be taken to be held by the persons registered as holding the shares at that time.

## Corporate Representative

Any corporate Shareholder who has appointed a person to act as its corporate representative at the Meeting should provide that person with a certificate or letter executed in accordance with the Corporations Act authorising him or her to act as that company’s representative. The authority may be sent to the Company and/or registry in advance of the meeting or handed in at the meeting when registering as a corporate representative. An appointment of Corporate Representative form is available upon request from the Company Secretary.

## By Order of the Board of Directors

**Greg Barrett**  
Company Secretary  
Beadell Resources Limited

28 April 2008

## **Explanatory Statement**

---

This Explanatory Statement has been prepared for the information of Shareholders in relation to the business to be conducted at the Company's General Meeting.

The purpose of this Explanatory Statement is to provide Shareholders with all information known to the Company which is material to a decision on how to vote on the resolutions in the accompanying Notice of General Meeting.

This Explanatory Statement should be read in conjunction with the Notice of General Meeting. Capitalised terms in this Explanatory Statement are defined in the Glossary.

### **General Background to the Resolutions**

On 4 April 2008, the Company announced its conditional agreement to acquire Newcrest's 70% interest in Cracow.

The addition of Newcrest's interest in Cracow to Beadell's existing portfolio of assets will form a strong platform for the Company to become a significant participant within the Australian gold industry. Beadell's conditional agreement to purchase Newcrest's interest in Cracow represents a unique investment opportunity for the Company to take control of a high quality, low risk, producing gold asset that is fully leveraged to the gold price. Cracow will also be highly complementary to Beadell's existing portfolio of exploration and development assets located in Australia and Brazil.

The Agreement is conditional upon, among other things, the Continuing Participants, not exercising their pre-emptive rights over Newcrest's interests in Cracow within the prescribed period. Accordingly, both Resolutions 1 and 2 are conditional upon the Continuing Participants waiving or failing to exercise these pre-emptive rights within the prescribed period of 50 business days. Newcrest provided a notice of the proposed sale to the Continuing Participants on 4 April 2008 (the "Pre-emption Notice"). The period during which the Continuing Participants may exercise pre-emption will expire in mid June 2008.

The Agreement is also conditional upon Shareholder approval and the successful financing of the Acquisition. Beadell has agreed to pay Newcrest a provisional purchase price of A\$200 million for its 70% interest in Cracow. Beadell estimates that up to a further \$20 million will be required to cover the costs associated with the capital raising (including any fees payable to advisers, lead managers, Newcrest, brokers or cornerstone investors) and the costs of proceeding with and completing the Acquisition.

Under the sale terms, \$2 million of the purchase price was paid by Beadell as a deposit on the date of signing the Agreement. If Shareholder approval is not forthcoming the deposit of \$2 million paid under the Agreement is not refundable to Beadell. If financing is not secured, Beadell is entitled to a refund of \$1 million with interest, and if Newcrest considers that the failure to secure the finance was due to the prevailing market conditions and not through any act or omission of Beadell or its advisers, then Beadell is entitled to a refund of the balance of \$1 million of the deposit, with interest. If the Continuing Participants exercise their pre-emptive rights the deposit is refundable to Beadell with interest.

The completion date for the Acquisition is scheduled for 30 June 2008 and is subject to all the conditions in the Agreement being satisfied or waived (including Beadell Shareholder approval).

Merrill Lynch and Morgan Stanley have been engaged to act as joint lead managers to the proposed capital raising to fund the Acquisition. Subject to market conditions, the capital raising is proposed to be extended only to institutional, professional and sophisticated investors

(“Institutional Investors”). However, the Company reserves the discretion to revise its offer strategy in light of market conditions and other relevant factors.

Newcrest has committed to underwrite a shortfall in the proposed capital raising up to the lesser of A\$50 million or 19.9% of Beadell’s post-raising fully diluted issued capital.

**NB.** All numbers relating to Cracow in this Notice of General Meeting refer to 100% of Cracow’s resources, reserves and production, unless otherwise stated. Unless specifically attributed to a third party, all statements of fact, opinions, forecasts and forward-looking statements reflect the views of Beadell which has completed comprehensive due diligence on Cracow.

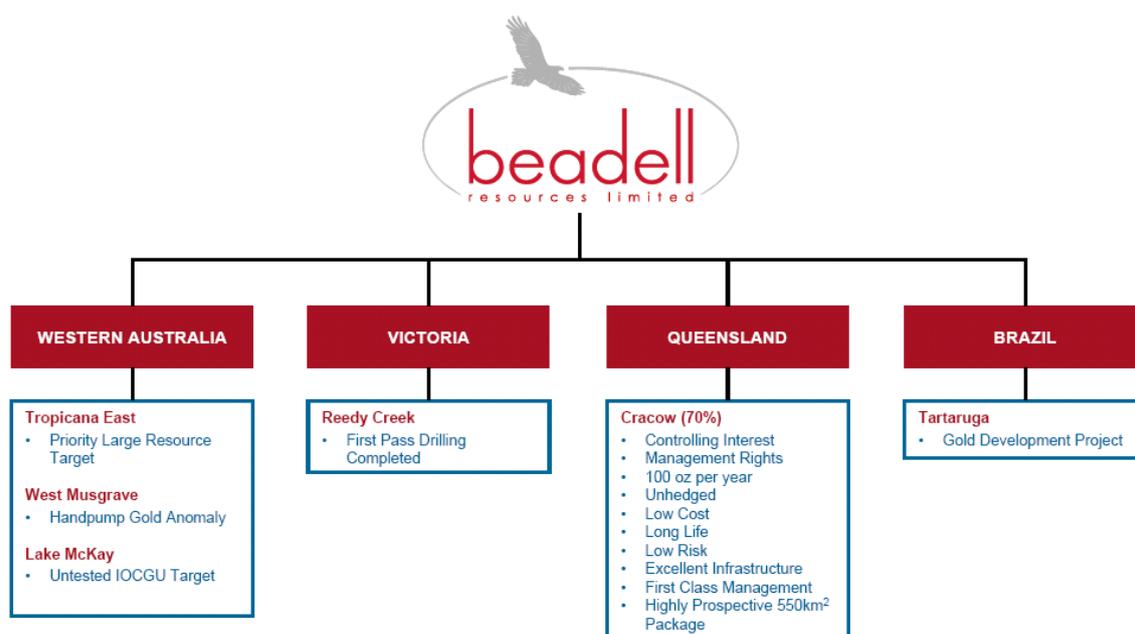

Other background to the proposed Acquisition has recently been released to ASX by the Company, in particular the Press Release dated 4 April 2008 and the Investor Presentation dated 8 April 2008. These materials are available from the ASX website and from Beadell’s website at [www.beadellresources.com.au](http://www.beadellresources.com.au).

Indicative Timetable for the Acquisition:

4 April 2008	Announcement of the Acquisition
4 April 2008	Pre-emption Notice provided by Newcrest to Continuing Participants
28 April 2008	EGM notice is sent to Shareholders
28 May 2008	General Meeting of Shareholders
Mid June 2008	End of pre-emptive period (assumes pre-emptive right is not taken up)
Mid June 2008	Placement is marketed to Institutional Investors
Late June 2008	Placement closes and the subscription funds are accepted by the Company
30 June 2008	Company completes Agreement and acquires Newcrest’s 70% interest in the Cracow mine

Note that if the Continuing Participants’ pre-emptive rights are waived earlier than the date shown in the timetable, the intention is to move to market the Placement and complete it earlier than the dates shown in the timetable. The Agreement would still complete on 30 June 2008.

The assets of the Company post completion will be as follows:

## 1 Resolution 1: Approval of Issue of Placement Shares

The purpose of the issue of Placement Shares is to fund the acquisition of Newcrest's 70% interest in Cracow in central Queensland, which has been the subject of a recent ASX announcement by the Company.

Resolution 1 is conditional upon the Continuing Participants waiving or failing to exercise their pre-emptive rights within the prescribed period. If the Continuing Participants waive or fail to exercise their pre-emptive rights within the prescribed period, the Company proposes to issue such total number of Placement Shares as is required in order to raise the provisional purchase price of \$200,000,000 plus up to \$20,000,000 for the estimated associated costs of the acquisition and the issue, including additional working capital.

If the Continuing Participants exercise pre-emption within the prescribed period, Beadell will not proceed with the proposed capital raising.

The prescribed period during which the Continuing Participants may exercise pre-emption will expire in mid June 2008, that is, after the date of the Meeting.

Merrill Lynch and Morgan Stanley have been engaged to act as joint lead managers to the proposed capital raising. The Placement Shares will be allotted at an issue price to be determined after the Meeting by the Company and the joint lead managers, following a comprehensive Institutional Investor marketing process in Australia and elsewhere. It is therefore not possible at the date of this Notice or the date of the Meeting to determine the exact number of Placement Shares that will be issued, or their subscription price. It is also not possible to provide Shareholders now with the approximate percentage of total share capital that the Placement Shares will bear in relation to the Company's fully-diluted Share capital (assuming no further issues of securities by the Company).

This information will be the subject of ASX announcements once the Placement has been completed.

Set out below is a range of scenarios that could apply to raise a total of \$220 million by the issue of the Placement Shares to fund the Acquisition and associated costs, by way of illustration:

<b>Placement Share price</b>	<b>Placement Shares issued</b>	<b>Expanded issued capital</b>
\$0.25	880.0 million	973.0 million
\$0.40	550.0 million	643.0 million
\$0.75	293.4 million	386.4 million
\$1.00	220.0 million	313.0 million

Obviously the higher the Placement Share price, the fewer number of Placement Shares will be issued in order to raise the required funds, and the less dilution will occur to existing Shareholders' holdings in the Company.

The Placement Share price will be no lower than 25 cents per share.

Newcrest has committed to underwrite a shortfall in Beadell's capital raising. Newcrest's commitment to underwrite is on commercial arm's length terms. The material terms of Newcrest's underwriting commitment are as follows:

- the commitment is capped at the lesser of A\$50 million and such number of shares as would result in Newcrest becoming the holder of 19.9% of the issued ordinary shares in Beadell (on a post-raising fully diluted basis);
- Beadell may only call on Newcrest if the shortfall in Beadell's capital raising, as against the proposed total raising amount of A\$220 million, is A\$50 million or less; and
- if called upon under this arrangement, Newcrest will be entitled to a small fee.

Any allocation to Newcrest is subject to the terms of Newcrest's underwriting commitment and shall be at the further discretion of the Company and the joint lead managers.

Beadell, with the assistance of the joint lead managers, may seek cornerstone investors to agree to subscribe for Shares in the capital raising in advance of (and conditional upon) shareholder approval of Resolution 1 at the Company's General Meeting.

Any arrangements with a cornerstone investor will be on terms and conditions agreed between the cornerstone investor and Beadell. This may include an obligation for Beadell to pay fees to the cornerstone investor.

Listing Rule 7.1 provides generally that a company may not issue shares or options to subscribe for shares equal to more than 15% of the company's issued share capital in any 12 months without obtaining shareholder approval. Resolution 1 seeks this approval.

The Placement Shares will be allotted and issued no later than 3 months after the date of Shareholder approval or such later date as approved by ASX.

The Placement Shares will be allotted to institutions and sophisticated investors. It is also expected that a proportion of the funds will originate from Beadell's existing Shareholders.

The Placement Shares will be fully paid upon issue, and will rank equally with other Shares on issue. The Company will apply to ASX for official quotation of the Placement Shares.

The Board believes that the proposed issue of the Placement Shares is beneficial for the Company and recommends that Shareholders vote in favour of the resolution. It will allow the Company to proceed with the Acquisition and also retain the flexibility to issue further securities representing up to 15% of the Company's share capital (calculated on a post-Placement basis) during the next 12 months.

## **Resolution 2: Approval of Change in Scale of Activities**

Listing Rule 11.1.2 provides that if a company proposes to make a significant change to the scale of its activities it must notify ASX as soon as practicable and ASX may require the company to obtain Shareholder approval. ASX has indicated that in view of the size and effect of the proposed Acquisition, Beadell is required to seek the approval of Shareholders for the change in scale of Beadell's activities resulting from an Acquisition of Newcrest's 70% interest in Cracow.

The proposed Acquisition will transform Beadell from an exploration focused company to one whose principal focus is production with exploration potential.

The proposed change in scale of activities is consistent with the business strategy disclosed to the market and as understood by the Company's Shareholders. Beadell's IPO prospectus issued last year highlights as one of its objectives the prompt discovery

and development of deposits and opportunistic acquisitions of developed deposits, emphasising and referring to the proven track record of its personnel in achieving rapid growth and success in exploration and seeking out and securing opportunistic acquisitions. As suggested at the IPO stage, Beadell has followed this specific objective and desire to change its scale of activities in a short timeframe from its admission to ASX. The Acquisition is a result of the efforts of Beadell's personnel whose objectives and experience in making opportunistic acquisitions was emphasised at the IPO stage. Beadell's clear objective of acquiring other projects to elevate Beadell within its ranking in the Australian gold industry was endorsed by the IPO shareholders' investment in Beadell.

The Acquisition includes the underground gold mining and processing operations and 550km<sup>2</sup> of highly prospective tenements. The Acquisition is conditional on the Continuing Participants not exercising their pre-emptive rights to acquire Newcrest's 70% interest in Cracow within the prescribed period.

If Beadell successfully acquires Newcrest's 70% interest in Cracow it will represent a unique investment opportunity for the Company to take control of an un-hedged, high quality, low risk, producing gold asset that is highly complementary to Beadell's existing portfolio of exploration and development assets located in Brazil and Australia.

Cracow is one of the lowest cost gold mines operating in Australia. Cracow has consistently delivered exceptional operational and financial performance since its first gold pour in November 2004. The Company expects to generate continuing strong cash flows from Cracow over the ensuing years from the existing reserves and resources.

Beadell will enjoy significant benefits from the fact that the vertical and a majority of the horizontal underground capital development for the next three years have been completed. Additionally, reliable coal fired grid power, which provides power for all of the plant requirements and the electrically driven underground earthmoving equipment, will effectively insulate the operation from any anticipated rise in oil prices.

It is the Company's intention to purchase gold put options at a price well above the cost of production to lock in the early free cash flows. The Company will not cap the upside of gold price increases.

The net cash flow from the mines will be used to fund an exploration program that will fully test the potential of the proven mineralised system at Cracow.

It is anticipated that Beadell's forecast 5 year mine life comprising approximately 500 koz in total gold poured will be greatly enhanced as a result of focused and systematic exploration on the existing tenements. Beadell's estimate of the gold resource is 1.0Moz (as at 30 June 2007), and Beadell is very focused on conversion of outstanding resources to reserves. In addition, Cracow is a proven epithermal gold system which has consistently delivered new exploration discoveries following the initial discovery of the Royal Shoot in 1998. Beadell is confident that with ongoing exploration drilling, the Company will continue to delineate new ore shoots in the area.

The main known lode producing fault structures at Klondyke has only been systematically drilled down to an average depth of 350m. Numerous other highly prospective faults within the mine corridor are yet to be systematically explored, such as the Kilkenny and Fordee structure which have only minimal drill coverage. The Klondyke and Kilkenny structures are interpreted to have strike lengths in excess of 7km, of which only 3km has had any systematic drilling.

Outside of the main mineralised district, approximately 30km strike of prospective stratigraphy has had little or no previous drilling, demonstrating the longer term potential of the Cracow project to yield new epithermal gold deposits.

Cracow's strong projected cash flows will complement Beadell's portfolio of exploration and development assets in Brazil and Australia. By leveraging the cash generated from the Cracow Gold Mine, the Company's existing exploration and development projects can be significantly accelerated.

Beadell's current management, with extensive operational experience of underground mining in Australia, will complement the existing highly competent management team and work force based at the Cracow site where staff turnover is historically very low. Beadell will encourage the Cracow employees to continue in their current roles. The site has a reputation for consistently meeting or exceeding its production targets whilst maintaining a safety record which is the envy of the Australian gold industry.

The Directors recommend that Shareholders vote in favour of Resolution 2.
